fell here during Tuesday night. The  
rain followed some excessively hot  
weather and was followed by a  
considerable drop in temperature.  
The rain was not needed.  
Come and look over the New  
Buick Sedan now on exhibition. The  
most wonderful Automobile built in  
America at the price. We invite  
comparison. Delivered at your door  
at \$1360.00 with motor meter to  
match. C. R. Gaines & Son.

Honors come easy to Hondo boys  
and girls. The Valedictorian of the  
Schreiner Institute of Kerrville this  
spring is Tony Windrow, a former  
Hondo High School graduate. Tony  
has taken an active part in the  
athletic activities of the Institute  
during the past two years and has  
been connected with the college  
paper. His latest honor comes to him  
as a fitting climax to his two years  
successful work.

A card from Mr. and Mrs. Frank  
J. Meny of San Antonio announced  
the arrival of a 6-pound and 11-  
ounce son at their home May 10,  
1926. The young gentleman has  
been named John Joseph. Mrs.  
Meny will be remembered by many  
of our readers as Miss Patty Fritz-  
Simon of Castroville.

Dr. and Mrs. H. J. Meyer and  
children, Master Hugh and little Miss  
Mary Elizabeth, left Wednesday for  
La Grange where they will attend  
the graduating exercises of the La  
Grange High School, their son, John  
Henry Meyer, being one of the  
graduates.

Miss Agnes Windrow, of San  
Angelo, accompanied Misses Mattie  
Belle and Hallie Mae Kirby home  
from Westmoorland College, where  
all three are students, for a week-end  
visit with Dr. and Mrs. H. S. Kirby  
and Mr. and Mrs. W. H. Windrow.

Mrs. W. H. Taylor left Friday for  
San Antonio where she will visit  
her son, G. C. Taylor, for several  
weeks before visiting her other  
children elsewhere. Mrs. Taylor ex-  
pects to be away all summer.

Mr. and Mrs. Isaac Wilson ac-  
companied their daughter, Mrs. G.  
W. Gilliam, and babies as far as San  
Antonio on their return to their  
home at Taft after a several week's  
visit to relatives here.

Mr. and Mrs. C. E. Martin and  
baby were here from Pearsall Sun-  
day for the celebration of Rev. A.  
Falkenberg's fiftieth anniversary of  
his ordination as a minister of the  
Lutheran church.

Quite a number of out of town  
visitors were here Sunday for the  
semi-centennial celebration of Rev. A.  
Falkenberg's ordination to the minis-  
try. See the special mention else-  
where.

We have everything in household  
goods. We also repair your damag-  
ed or broken furniture. Give us a  
call; we will be glad to serve you.  
Hondo Furniture Co. 41-tf.

FOR SALE—A 1925-Model Ford.  
Has a good engine and can be made  
over into a useful truck for light  
hauling. Apply at this office. 22-tf.

The pupils, teachers and a few  
friends of the St. John's Parochial  
school enjoyed an all-day picnic on  
the Medina river Tuesday.

FOR SALE—Double Bed with  
springs, Dresser, Kitchen Cabinet  
and wood Cook Stove. Mrs. F. H.  
Schweers. 41-2t.

Armstrong Linoleum and Rugs at  
LEINWEBER'S.

Sandwiches of all kinds. Hutzler's  
Confectionery. 42-tf.

 See A. ESSER and AUG. SCHUEHLE, Hondo, Texas. 30-1f.

## MEDINA SHORT COURSE.

Mark July 14th, 15th, and 16th off on your calendar right now because these are the hot sleepy worthless days that you're going to trade in for three days of education and fun at the South Texas Short Course and Encampment at the Medina-Herford Ranch near San Antonio this summer.

This short course, which is put on by the A. & M. College with the assistance of the San Antonio Chamber of Commerce and the Ranch, is now in its fourth year, and the attractions this year exceed in variety and quality, anything done before. There will be separate programs each day for men, women and girls, and boys with a choice of courses every hour. The work will, as last year, partake more of the nature of practical demonstrations than of lectures, with the whole ranch as a classroom. The camping facilities this year too, will be better than before. The ranch is putting down a well so that water will be easier of access and they are also opening up more ground for campers.

Last year over 1500 persons from 27 different counties attended, and this year plans are being made to take care of 2000 persons.

Farmers and ranchers and their families are cordially invited to attend. Talk with your County Agent or Home Demonstration Agent regarding further details of this great educational encampment.

### CHANGE OF TIME CARD ON SOUTHERN PACIFIC RY.

#### WEST BOUND.

Train No. 103, due at 7:09 P. M. (No Mail.)

Train No. 7, due at 11:35 A. M. (U. S. Mail.)

## NOTICE.

### Board of Equalization.

County Commissioner's Court of Medina County, Texas, sitting as a board of equalization.

The State of Texas, County of Medina.

In the County Commissioner's Court of Medina County, Texas.

I, S. A. Jungman, County Clerk and ex-officio clerk of the County Commissioner's Court of Medina County, Texas, do hereby give notice that the Honorable County Commissioner's Court of Medina County, Texas, will convene and sit as a Board of Equalization, commencing on the fourth Monday of May, A. D. 1926, the same being the twenty-fourth day in said month, for the purpose of receiving all the assessment lists or books of the Assessor of Taxes of Medina County, Texas, for inspection, correction or equalization and approval.

Witness my hand and seal of the County Commissioner's Court of Medina County, Texas, this the 8th day of May, A. D., 1926.

S. A. Jungman, County Clerk and Ex-Officio Clerk, County Commissioner's Court of Medina County, Texas.

### JOHN TURNER DEAD.

After an illness and suffering of practically nine months, Mr. John Turner of Tarpley passed away on May 9, 1926.

Deceased has been a pioneer here, having lived in Medina and Bandera Counties nearly all of his life. He was about 70 years old.

Besides his widow, he leaves a brother, Joe Turner of Sabinal, two sisters, Mrs. Mary Ann Batot of Hondo, Mrs. Ferdinand Nestor of D. Hanis, and other near relatives. Mrs. Ben Zerr, another sister, preceded him in death.

Capt. Grant conducted the funeral ceremony and the body was laid to rest in one of the Tarpley cemeteries.

The pallbearers were, Gus Britsch, Chas. Britsch, Oscar Mangold, Louis Leinweber, Frank Mangold and Edgar Rieber.

A good man has gone to his last reward.

FOR SALE—Well rig at Priddy, Texas. Cheap. Write. 33-10tpd. E. A. GRELLE.

## BIG SHIPMENT OF RAINBOW TROUT TO MEDINA LAKE.

Rainbow trout are making such a splendid showing in Medina Lake that Uncle Sam is sitting up and taking notice with the result that this section bids fair to become a center of the propagation of this specie of game fish.

Since his recent visit Henry O. Malley, Commissioner of United States fish hatcheries, who expressed himself in glowing terms of the conditions existing here, has written W.

H. Furlong, acting manager of the Chamber of Commerce, to the effect that Medina Lake is coming in for still more attention.

Leaving Meosho, Mo., where one of the leading hatcheries in the United States is located, Wednesday, will be a maximum shipment of eggs, fingerlings and larger fish, coming in 20 large cans, which will arrive here Thursday, according to advices from Commissioner O'Malley.

These are to be placed in the ponds at Medina Lake for show purposes, said Furlong. It's an achievement to be proud of, he said, for

it places Medina Lake in the rank as a prospective center of propagation.

This will be a special measure attracting tourists to San Antonio and at the same time affording them splendid fishing right in their own home town.—Tulsa Express.

WANTED—a housekeeper family of two. Middle aged man. Address Box 218, Hondo.

# stop that CARBON KNOCK

CARBON KNOCK or motor detonation aside from being annoying greatly reduces power efficiency—combustion taking place before the complete rise of the piston. The mechanical method of correcting such knocks is to retard the spark which again reduces power efficiency. Many gasoline mixtures have been devised which in a way might eliminate the knock but oftentimes the remedy is worse than the ailment. In NO-NOX Motor Fuel we have the remedy without a single harmful feature—it positively takes the carbon knock out of the motor, and any motorist knows that this means easier and quicker acceleration, smoother running motor and More Power, less gear shifts and generally a more satisfactory operation of the car at a lower repair cost.

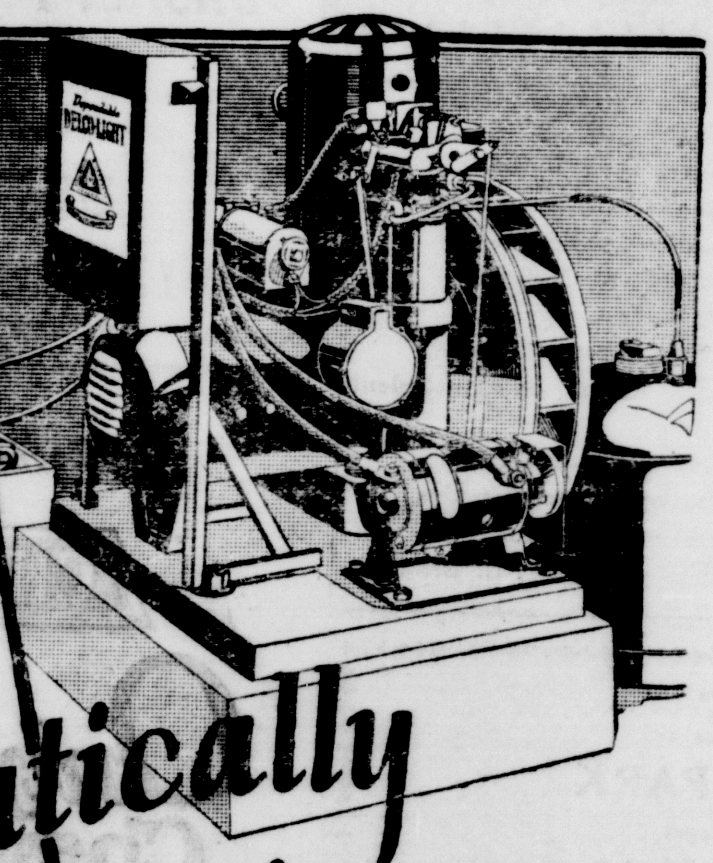

## The ORANGE gas at the sign of the ORANGE DISC

NO-NOX is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline. We ask you to try it, after that be your own judge.

NO-NOX is priced only three cents per gallon higher than That Good Gulf Gasoline.

## GULF REFINING COMPANY

At the touch of a Button Starts Runs Stops Automatically

NOW is the time to equip your farm with Delco-Light. Never before have you been offered a value like this—genuine automatic Delco-Light electric service, without storage batteries, for \$275 f. o. b. Dayton, Ohio.

**SOUTHWEST TEXAS  
COUNCIL BOY SCOUTS  
OF AMERICA.**

Rev. John C. Campbell, Pastor of  
Uvalde Methodist Church but at  
present on leave of absence while  
acting as Organization Chairman for  
Boy Scouts of America, was here  
last night and addressed a mass-  
meeting of our citizens at the Cham-  
ber of Commerce hall at 8:30 o'-  
clock.

The purpose of Rev. Campbell's  
visit was to raise a fund of \$5,000  
for the establishment and main-  
tenance of district headquarters for a  
district to be composed, when organ-  
ized, of nine counties—Medina,  
Kinney, Edwards, Kinney, Val Verde,  
Maverick, Zavala, Dimmit and Real.  
Temporary organization was ef-  
fected by the election of Dr. T. B.  
Camp, Chairman; O. A. Fly, Vice-  
Chairman; and R. A. Carter, Secre-  
tary-Treasurer.

O. A. Fly and Willie Winflow  
were appointed a committee to  
solicit funds for meeting Hondo's  
contribution of \$500.00 toward the  
\$5,000.00 fund. Pledges amount-  
ing to \$225.00 were secured at the  
meeting.

The promoters of this movement  
are the following:

**EXPLANATION.**

After nearly fifteen years of  
operation, during which time there  
have been tried out several different  
types of organization, the National  
Council of the Boy Scouts of America  
has decided that the follow-  
ing plan is the most efficient plan  
for rural communities. It makes  
possible the service of specialists  
under the executive supervision  
of one task it is to:

1. Mobilize the forces of the  
various communities to serve boy-  
scouts.
2. To co-operate with the local  
committee in their endeavor to di-  
rect, recruit and train Scoutmasters.  
Supreme function.
3. To enrich the program to such  
an extent as to make men willingly  
give of their time as Scout-  
masters and boys want to become  
scouts on a continuous basis.

**THE AREA COUNCIL PLAN.**

The "Area Council" plan is identi-  
cal to the "City Plan" or organiza-  
tion. Here in the Southwest Texas  
Council each County becomes a  
"District," each with promotional  
ability and full charge of the Scout  
program in its own territory. The  
ability of the local people to "team"  
with the executive decides whether  
the maximum results are secured  
for them for their boys.

Southwest Texas Council Boy Scouts  
of America.

The following chart shows the  
counties together with the number of  
troops which may be organized in  
each (merely suggestive.)

MEDINA COUNTY.	2
Hondo	1
Uvalde	1
Castroville	1
Dimmit	1
Val Verde	2
KINNEY COUNTY.	1
Crackerville	1
Portland	1
UVALDE COUNTY.	2
Abilene	1
Clifton	1
Clipp	1
Montell	1
Uvalde	4
VAL VERDE COUNTY.	4
Del Rio	1
Comstock	1
ZAVALA COUNTY.	1
Crystal City	1
La Pryor	1
Wesleyville	1
DIMIT COUNTY	1
Arizo Springs	1

MAVERICK CONUTY	4
Aggie Pass	1
EDWARDS COUNTY.	1
Rock Springs	1
Artesdale	1
Arta Valley	1
REAL COUNTY.	1
Peakey	1
Camp Wood	1
La Pryor	1

The above possible troupe organiza-  
tion is considered conservative, but  
nevertheless will only be made pos-  
sible through whole hearted co-  
operation working under the leader-  
ship of an Area Scout Executive.

**WHAT DO WE GET?**

Regular visitation by the Execu-  
tive to help you set up your Scout  
program, to assist your committee  
in interpreting their work; to select,  
recruit and train Scoutmasters for  
their tasks; to assist you with your  
local Courts of Honor, Civic Serv-  
ice, Camps, Rallies, Field Days and  
Demonstrations. In other words,  
to help you get the most intensive  
results out of the Boy Scout Pro-  
gram that are being secured in the  
larger cities.

The Counties which co-operate to  
the utmost to conserve the time and  
energies of the field men, usually get  
the best results. The Executive of-  
ficers are "Leaders of Leaders of  
Boys" rather than detail men.

**DEFINITE PROGRAM AND  
TIME SCHEDULE.**

The time schedules and programs  
of the field men are usually worked  
out for the approval of the County  
Chairman each month, so that each  
town will be able to know exactly  
when to expect the field men and  
what they will help them do. Here  
are a few suggested things which  
would probably be covered:

1. meeting of the District Com-  
mittee.
2. A meeting of the Scout-  
master's Round Table with the Dis-  
trict Commissioner.
3. A Court of Honor Meeting.
4. A piece of City-wide Civil  
Service.
5. A Rally, Field Day, or demon-  
stration of Scout Work. Perhaps  
a Parent's night or Father and Son  
Banquet.
6. Personal conference with all  
Scoutmasters to help them out with  
their personal problems.
7. Personal conference with all  
Committee Chairmen.
8. Promotion of new troops.  
Conference with pastors and school  
men.
9. A program suggested to be  
worked out before the return of the  
field men.

**WHAT DOES A SCOUT EXECUT-  
IVE DO?**

Working with and through the  
Scout Council organization the Scout  
Executive is responsible for the fol-  
lowing:

1. Proper organization of the troops  
and troop committees and the PER-  
MANENCE of same.
2. Securing and training of the right  
type of men for Scout leaders.
3. Assisting leaders in planning and  
carrying out troop activities.
4. Planning and carrying out of Com-  
munity Service program.
5. Visiting and inspecting troops  
regularly.
6. Providing training courses for  
leaders and patrol leaders.
7. Maintaining supply service on  
badges and awards.
8. In general, providing a program of  
year round activity which will be  
attractive to boys and at the same  
time build in them those fundamen-  
tals of good character and good citi-  
zenship for which scouting stands.

**PROVIDING THE FINANCES.**

Good things never cost too much.  
Our boys are our greatest asset.  
Whatever money is invested in this  
Area Council is invested in the fu-  
ture citizens of Southwest Texas.  
If we spent eight times more for the  
movies than we did for public schools  
in America last year, we certainly

should be able to invest from 25c  
to 35c per capita annually from our  
organizable towns for this important  
work.

The finances to take care of the  
expenses of the Council will be  
raised throughout the nine counties  
by the sale of associate member-  
ships in the Council to the citizens  
interested in Scout work. From the  
associate memberships will be ap-  
pointed the various committees to  
have charge of the Scout work and  
the officers of the Council elected.

**WHERE DOES IT GO?**

The National Council through its  
long years of experience has decided  
that a certain amount of expense is  
necessary. This has been standard-  
ized into a suggestive budget which  
makes possible efficient operation.  
The items included in the budget  
are: salaries, office supplies, print-  
ing stationery, telephone, telegraph,  
postage, leadership training, confer-  
ences, educational publicity, travel-  
ing expense, rallies, field days,  
demonstrations and charter fee. It  
will be spent in and for promotion of  
Boy Scout work in Southwest Texas.

**HOW IT WORKS.**

Each community will have com-  
plete charge of its own affairs (pro-  
viding however, that at all times  
the principles, policies and program  
of the National organization are car-  
ried out.) Local outfitters may be  
established at key-points throughout  
the territory warranting the organ-  
ization of enough troops to justify  
them.

All troop charter applications will  
be filed with the Southwest Texas  
Area Headquarters, who will issue  
registrations immediately. The area  
headquarters will also carry adequate  
stocks of handbooks, badges, etc.  
Suggested troop meeting programs  
will probably be mailed weekly to  
all Scoutmasters in the Area, and it  
may also be possible to issue a week-  
ly bulletin to all scouts.

**DISTRICT COMMITTEE.**

In order to make possible the in-  
tensive benefits of a well-rounded  
program, "County Committees" will  
be organized in each of the nine  
counties mentioned.

These "County Committees" will  
have all the functions of a city coun-  
cil. They are drawn up by the  
organization committee in each  
county and will be representatives  
of the civic, religious, educational,  
business, labor and existing Scout  
interests. It should be composed of  
from ten to thirty-five men (the  
more men actually engaged the bet-  
ter.)

The county committee's function  
is to sponsor the local work in such  
a manner as to insure its progres-  
sive efficiency. It should meet month-  
ly with the Field executive to re-  
ceive reports from committees; to  
check up on objectives for its com-  
mittees; to lay out program for suc-  
ceeding month, together with objec-  
tives to be attained.

**AREA COUNCIL.**

The area Council is made up of  
the representatives from different  
County Committees. The purpose  
of the Area Council is to plan pro-  
grams for the entire area, harmonize  
efforts and to help each County to  
get best results in Scouting. Due  
to the tremendous distances involv-  
ed, the Area Council should meet

semi-annually.

**AREA EXECUTIVE BOARD.**

The area Executive Board will be  
composed of the Area President, the  
District Committee, Chairman, Area  
Commissioner, Head of District Com-  
missioners, Troop Organization, Court  
of Honor, Finance, Leadership Train-  
ing, Camping, Civic Service, Educa-  
tional Publicity, Lone Scouts, and  
Reading Program. The Area Execu-  
tive Board should meet every three  
months, to receive reports, set  
objectives and transact the routine  
business of the Council.

**FACTS.**

Over 3,000,000 boys have been  
scouts since 1910. No ex-Scouts  
can be found within the state peni-  
tentiaries. On the contrary sur-  
veys show Scouts who have grown to  
manhood are self-reliant, aggressive,  
helpful citizens; casting their ballots  
with intelligence; actively participat-  
ing in the affairs of their communi-  
ties in the spirit of humility; ap-  
preciative of the efforts of others;  
law-abiding; church members; above  
the average in education, and a credit  
to their communities.

\$44.00 per capita was spent in the  
United States last year for candy,  
movies, tobacco, soft drinks and  
chewing gum. We spent more for  
chewing gum alone than we did for  
the work of the church.

\$300,000,000 was paid out by the  
bonding companies of America last  
year to cover bonds of men who had  
defaulted.

Less than one boy in six in the U-  
nited States belongs to a Sunday  
School.

75% of the influence exerted in  
teen age Sunday School classes for  
boys are exerted by women. 95%  
of our school teachers for teen age  
are women. 95% of the home influ-  
ence is exerted by women.

11 boys out of 100 in the United  
States get a High School education.  
2 out of every 100 complete college.  
An education is within the grasp of  
every boy in America—all he needs  
is self-reliance and ginger.

**OUR BOYS ARE OUR GREATEST  
ASSET.**

Southwest Texas is famous for  
its blooded live stock, fine roads,  
fine public buildings, good city  
government, its great agricultural  
interests, its fine schools and church-  
es, but most of all, we believe it the  
best place in the United States in  
which to raise families.

Our boys and our girls are our  
greatest asset. They will be citizens  
bankers, lawyers, preachers, credi-  
tors, and fathers and mothers tomor-  
row.

We are going to do everything in  
our power to hand to better hands  
than ours the traditions and fame  
of this Texas country, so that it may  
become an even better place in which  
to live.

Support the Southwest Texas  
organization of this great Boy Scout  
Council and it will solve many of the  
boy problems of this section of the  
state.

R. A. Haegelin is in San Antonio this week serving as a Federal Court juror. This is Mr. Haegelin's second week.

Mr. and Mrs. L. L. Dorsey of Dallas were here Saturday on a brief visit to Mrs. Dorsey's parents, Dr. and Mrs. B. R. Bradley.

J. E. Worden arrived last week from West Graham, Virginia, and joined Mrs. Worden here where they will make their future home. Mrs. Worden is a daughter of Dr. and Mrs. B. R. Bradley.

Frank P. Carle, the Steer Brand Coffee salesman, was here Wednesday interviewing his trade. While here Mr. Carle paid this office a business call and exhibited some specimens of clay and rock from a mine on his Bexar County farm. Mr. Carle has a large deposit of clay or shale from which is distilled a medicinal oil known to science as Ichthyol. This oil is proven in medical practice to possess remarkable healing properties. It is evidently a derivative from fish oil as evidences of fish remains are numerous in the clay. Mr. Carle has interested the N. T. U. Company of New York in his mine, and it is expected that there will be extensive developments in the near future. This company is the manufacturer of a patent equipment for distilling the oil from the clay. That he has the goods is evidenced by a bottle of the crude oil which Mr. Carle carries with him as an exhibit.

Owing to the increased attendance at the dances, members of the Quihi Gun Club found it necessary to enlarge the dance hall to accommodate the increased crowds. The hall has just been remodeled and enlarged, and patrons of this popular pleasure resort will find ample accommodations for their comfort and pleasure at the re-opening Sunday May 23rd. Wm. E. Brucks did the work of remodeling.

Outgoing car lot shipments for the past week have been nil, but the incoming has been two cars of flour, one of threshing machines, one of coal oil and an empty oil tank for loading purposes. Three car loads of automobiles have been received here during the month of May and four cars of crude oil have been shipped out.

The best tangible sign of returning prosperity for our section that has been seen for many months is the arrival at the depot this week of four brand new threshers. These machines look like they can take care of a large grain production and soon will be busy turning wealth into the pockets of our oat farmers.

Mr. and Mrs. A. J. Graff and baby were business callers a this office Thursday. Mr. Graff says the farm presents a beautiful scene now as compared with a year ago.

Mrs. H. E. Haass and her guest, Miss Mary Klappenbach, of Oakland, Calif., and Miss Octavia Davis were guests of Mrs. Robert de Montel at Castrovilla Thursday.

REMEMBER WE ARE WELL EQUIPPED TO VULCANIZE YOUR TIRES AND TUBES. IT IS ECONOMY TO DO SO. CITIZENS MOTOR CAR CO.

Mr. and Mrs. Isaac Wilson and Misses Elizabeth and Thelma Wilson and Anne Davis were visitors to San Antonio Wednesday.

Mail orders promptly attended to. Phone or write us for any and every thing usually sold in a Drug Store. W. H. Windrow.

Prof. J. L. Williams was a business visitor to Hondo Thursday. His school closes next week at D'Hanis.

Sandwiches of all kinds. Hutzler's Confectionery. 42-tf.

Mother's day was observed by appropriate services at the Baptist Church at eleven o'clock A. M. last Sunday, and Rev. Brown preached an appropriate sermon on the subject, "A Mother in Israel."

The dry, cool weather of the last few days, while not conducive to the growth of young crops, is heartily welcome by the oat farmers. The oat crop is almost ready for harvesting and the yield promises to be fair.

Letters received by the family from V. H. Blocker, Jr. announced his safe arrival at his destination at Calio Lima, Peru, where he has employment in the Consular service of the United States. Mr. Blocker had a most interesting trip to his South American post.

We are pleased to acknowledge receipt of an invitation from John Henry Meyer to attend the graduating exercises of the La Grange High School at La Grange, May 13th. John Henry has attended the La Grange High School for the past two terms, going from the Hondo High School.

The local Chapter of Royal Arch Masons will meet Tuesday night, May 18th, at 7:30 P. M. There will be work in the Royal Arch Degree. Refreshments will be served after labor. A visiting team is expected to participate in the degree work. All Royal Arch Masons are urged to be present.

We are pleased to acknowledge receipt of an invitation from Miss Margaret Haass to attend the graduating exercises of the Sanderson High School May 19. Miss Haass is a daughter of Mr. and Mrs. C. F. Haass, formerly of this county, and is one of the thirteen graduating in her class.

Joe Dominguez, who has been pitching for the Hondo Aztecs, left yesterday evening for Houston to play with the Fannin Cleaners Eagles for the next two months. He has pitched eleven games for the Aztecs, winning nine, losing one at a score of 1 to 0 and tied one. We wish him good luck on his new team.

Prof. Holmes of Enterprise left Thursday for San Antonio. Although declining to again submit his application for election in Medina County Schools, he refused to discuss his plans for the future. However, his numerous friends, while during his two years residence in this county join in their best wishes for his future.

PARENT-TEACHER ASSOCIATION.

The meeting of the Parent-Teacher Association on Monday afternoon was opened with a "Mother's Day" program of songs and readings by the 1st grade pupils, directed by their teacher, Miss Lena Stone, and accompanied at the piano by Miss Beas Brucks, after which the regular business of the Association was taken up.

Resolutions of sympathy for the Griffith family, on the death of Mr. J. W. Griffith, a member of the School board, were read and adopted.

A discussion as to whether the association would continue to heretofore or do away with the serving of refreshments on account of the inconveniences of serving upstairs, resulted in a desire of the majority to carry on as heretofore. Discussion as to the advisability of changing the meeting place of the association from the school building to the Rest Room, ended with a motion to postpone the decision of this matter until next September.

In a count for the banner, the 1st grade, being the best represented, won the banner for the month.

Mrs. Horger, in her pleasing manner, thanked all for the support given her in her work as President of the Association during the past year and ended with a plea for "the best you can" assistance during the coming year.

Superintendent Brewster made the announcement that both honor graduates this year were girls, expressing regret that this should be so, and urged the completion of the high school course by boys as well as girls. He also announced that State Supt. S. M. N. Marrs would deliver the address at the commencement exercises on May 21. After asking the co-operation of the members of the Association in bringing the Co. Meet to our town, he closed by thanking the Association for its co-operation, without interference, in the management of the school during the past two years.

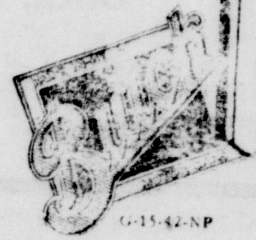

County Supt. Saathoff spoke briefly of the proposed organization of a troop of Boy Scouts and the benefit to be reaped from such.

Mrs. G. W. Monkhouse read a paper which was both timely and full of good suggestions, after which Mrs. F. H. Schweers, assisted by Mesdames R. W. Speece, W. H. Smith, Aug. Schroeder, W. N. Saathoff, Ray Taylor, J. W. Ulbrich and L. J. Van Fleet served sandwiches and iced tea to the assembled guests.

# BRIDE-ELECT HONORED.

Members of the Hondo Orchestra and their wives entertained with a two and a miscellaneous shower at the home of Mr. and Mrs. M. H. Muennink Saturday evening, May 2, honoring Miss Gladys Woolls. The marriage to Mr. William Robert La Grange will take place in near future. A color scheme of pastel shades was featured in the decorative decorations of crepe paper and fern. At the conclusion of the forty games Mr. M. H. Muennink played at the piano the wedding march from Lohengrin as the guests repaired to the dining room where they were seated at tables decorated with baskets filled with ferns and tied with dainty ribbons carrying out the color scheme. Gifts for the honoree were contained under a large wedding cake placed on a table in the center of the room. Miss Woolls was the recipient of useful gifts, one worthy special mention being a small pin in the shape of a harp presented to her by the men of the orchestra. An appropriate toast to the bride was rendered by Mr. H. Muennink. Refreshments, consisting of gold angel and devil's food cake and ice cream, moulded into the shape of lady slippers, were served. Courses for the ladies and gentlemen for the men made of ferns and fern marked covers. The following guests: Misses Lucille Woolls, Mrs. Ella Woolls, Dr. and Mrs. T. B. Knopp, and Mrs. H. E. Merriman, Mr. and Mrs. V. A. Crow, Mr. and Mrs. Heyen, Mr. and Mrs. J. Benjamin, Mr. and Mrs. J. R. Chan, and the host and hostess, Mr. and Mrs. M. H. Muennink.

# PHILATHEA CLASS.

Earl Boon entertained the Philathea Class at her home Tuesday afternoon. Rev. Ezell conducted closing chapters of the study of "Life of Christ" and the review assigned for the next lesson. The class will meet with Mrs. F. Cockrell on Wednesday, May 19. Refreshments, consisting of pineapple-cream marshmallows salad, cheese wafers and were served to the following guests: Mesdames J. S. Fly, F. S. Ezell, Theo. Barnes, Jesse Newland Chancey, John Harger, Cameron, Walter McClaugh, Barnitz Carle, and Rev. Ezell. Misses Willia D. Fly, Bertha and the hostess.

Gasoline-burning railroad lanterns, each, at Hondo Army

# FORMER HONDO GIRL MARRIED.

A beautiful ceremony of interest to Austin friends and relatives was performed in Austin Saturday, May 8, at the home of B. F. Richardson. At this time Miss Dorothy Green of San Marcos and Felton Richardson of Hallsville were joined in holy wedlock with Rev. C. R. Bullock officiating. The only attendants were Miss Beaulah Roesch of Houston. The bride wore a blonde suit with accessories to match. Miss Roesch was dressed in rose.

Mrs. Richardson is the attractive daughter of Mr. and Mrs. Lee Green of San Marcos. She is a student in the State Teacher's College and will receive her degree from there in August. Mr. Richardson is the son of Mr. and Mrs. John Richardson of Hallsville. He is a former student of the College of Marshall and is at present a student in the State Teacher's College.

They will make their home temporarily in San Marcos where they will continue their school work.—The Austin American.

# TO OAT FARMERS.

I am now ready for cutting and threshing oats. Ring phone 170-W. 42-2t. Robert Barkuloo.

F. S. Cockrell was home Sunday on a visit to his family.

# SELL REGISTERED PIGS.

Bonny Pennybacker of Austin was here this week and purchased a truck load of registered Duroc-Jersey Cree- and five-months old gilts from A. J. Graff, Frank Graff and J. J. Russell. The terms of the sale were private, but the pleased smile on Adolph's face when he mentioned it said plainer than figures even could tell that it pays to raise purebred animals. Graff Brothers and Mr. Russell long since quit raising all other kinds—and find that it pays.

The deal was effected through W. J. Kothman, Commission man of San Antonio, and the gilts were taken to Mr. Pennybacker's stock farm four miles east of Austin.

Emerson's man with the better mouse-trap had nothing on the man who produces better live stock—he will be found and sooner or later reap the reward of his labor and care.

Mr. Pennybacker is a son of the well-known Texas Club and literary woman.

Mrs. R. W. Speece has gone to Eagle Pass where Mr. Speece is supervising the construction of a bridge across the Rio Grande.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROM QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. TROVIE, 304.

# SUPERINTENDENT MARRS TO ADDRESS GRADUATES.

The graduating class of the Hondo High School will be addressed on Friday night, May 21st, by State Superintendent W. S. N. Marrs of Austin.

Prof. Marrs has been State Superintendent of Public Instruction for several terms, and considering the demands upon his time, the graduates feel very much honored by the favor he is bestowing upon them.

# NOTICE.

All members of St. Paul's Lutheran Church of Hondo are requested to attend a meeting of the congregation immediately following morning services on Sunday, May 23, 1926, for the transaction of important business.

Fraternally,

H. E. HAASS, Secretary.

# Bad Color (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Thedford's Black-Draught when I find a spell of this kind coming on, for it cures me a bad headache. My color gets better at once. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it along in small doses for several days. I have never found anything that cured me so well. "Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indigestibly, and I immediately resort to Black-Draught to straighten me out."

## Local, Personal and Business Items from This Busy Burg

CASTROVILLE, TEXAS, FRIDAY, MAY 14, 1926.

ED. HUEHNER, Local Representative

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

Sheriff Jos. Bader of Hondo was Castroville business visitors Sunday in our midst last Tuesday on business afternoon.

Oscar Bader was in our midst last Tuesday on business. We were indeed sorry to learn that our young friend returned home in the evening as a sick man, but were glad to see him up and about again yesterday.

Another heavy rain amounting to 2.80 visited this section again last Wednesday.

Prof. Engelking, accompanied by two of his pupils, left Thursday morning for Austin to attend the State Meet. The two lads were Clark Tondre and James Williamson.

Louis Ihnken Sr. and son, Gerhard Jr., were Hondo business visitors one day last week.

Eugen Mangold is spending his time at San Antonio but not as a vacation but as a Federal Juror.

Mr. and Mrs. John Droicourt took both their sons to San Antonio Saturday to have their tonsils removed.

Some of our young folks attended a dance at LaCoste Saturday night. Judge R. J. Noonan and Messrs. Louis Mofid and Jacob Fohn were

and Mrs. Hy Rohrbach. Mr. Roy Nester from Cline was here with his parents, Mr. and Mrs. Alf. Nester, Sunday.

Messrs. Tommie Nester and Arthur Bowdoin from San Antonio were visiting here Sunday afternoon.

Misses Marcella Ney and Eunice Langfeld made a business trip to Hondo one day last week.

Misses Selma Stiegler and Carrie Langfeld and Mrs. J. L. Williams were visitors at San Antonio.

Misses Irene Finger, Hulda Ney, and Mercella Ney were at Hondo Saturday.

Mr. Jacob Reily from Hondo was a pleasant visitor here Tuesday.

Mr. and Mrs. Richard Carle and daughter, Irene, and Mesdames Jno. Nester and Joe Carle were visiting Mr. and Mrs. Nic Koch one day last week.

Mrs. C. W. Bergmann and children made a business trip to Sabinal Tuesday.

Mr. and Mrs. T. E. Wyatt from Sabinal were visiting Mr. and Mrs. Ed. Finger last week-end.

The play "Anne-What's-Her-Name" announced to be given by the D'Hanis High School pupils, Saturday night, May 15, has been postponed to some date to be set later.

Mr. and Mrs. Louis Carle Jr. were at Hondo Monday evening.

Mr. and Mrs. Walter Schawe from Knippa were visiting Mr. and Mrs. Joe Carle Sunday.

Mr. Alfred Carle, Mr. and Mrs. Frank Northrup from San Antonio were here Sunday with Mr. and Mrs. Joe Carle.

Mr. and Mrs. Richard Davenport from San Antonio were visiting relatives here Sunday.

Mr. and Mrs. Joe Reily and daughter, Aggie, from Sabinal, were visiting here Sunday.

Mrs. Wilson and daughter, Armine Wright, from San Antonio were visiting Mr. and Mrs. Alf. Zinsmeyer Sunday.

Mr. and Mrs. Seb. Rieber and family from Tarpley were visiting Grandma Rieber.

Mrs. Zinsmeyer from San Antonio was visiting her son, Alf. Zinsmeyer, Sunday.

Born, to Mr. and Mrs. Hy. Langfeld, a girl, May 11, 1926.

Miss Josie Rothe was visiting in San Antonio a few days this week.

Mrs. Aug. Brown was visiting her brother-in-law, Mr. Jake Mills, who is in the hospital at San Antonio.

Those from here who attended the funeral of Mr. Turner at Tarpley were: Mr. and Mrs. Jno. Nester, Messrs. Ferdinand, Hy. and Aug. Nester, and Joe Koch, Mesdames Hy. Rothe, Christina Rudinger, Lizzie Ney, Jacob Vogel, and Emma Rothe and Miss Bertha Sauter.

Mr. and Mrs. Leo. Roberson and family from Hondo were visiting here Sunday.

Mr. and Mrs. Will Lieber were visiting relatives at Castroville Sunday.

Mr. and Mrs. Nick Koch from Hondo were here Sunday.

Mr. and Mrs. Louis Carle Sr. and Mr. and Mrs. A. J. Finger and daughter, Mary Ann, made a business trip to San Antonio Tuesday.

Mrs. Joe Carle is visiting relatives at San Antonio this week.

Mr. Allen Koch returned home Sunday after staying with his relatives and friends at Hondo.

Mr. Chas. Rohrbach spent Saturday and Sunday with his parents, Mr.

hart was awarded first prize, Mrs. J. P. Ephraim the guest prize and Mrs. Alfred Rohrbach the booby.

The hostess regaled her guests with a tempting plate lunch consisting of sandwiches, fruit salad, angel food cake, wafers, and iced tea. Dainty confections fashioned into pink and yellow flowers were the plate favors.

The members present were Mesdames A. J. Finger, O. J. Reinhart, A. J. Boog, Louis Carle Jr., M. A. Zinsmeyer, Hy. Muennink, W. E. Albright, W. O. Rothe and Miss Lucy Rothe. The guests who were bidden to the affair were: Mesdames Alfred Rohrbach, J. P. Ephraim, Wm. Little, and Miss Nettie Rieber.

The next meeting of the Club will be with Mrs. W. O. Rothe.

Last Wednesday evening Miss Alice Rothe delightfully entertained the Seniors and teachers of D'Hanis High School with a dinner party at her home. The affair was given in honor of Miss Irene Finger, a member of the class.

The guests were received by Miss Rothe and her sister, Mrs. Blalock, and were ushered into the living room which was beautifully decorated in the class colors of yellow and white.

At seven o'clock the dining room was opened to the guests. Much merriment and fun took place until each found their place card. A delicious five course was served with plate favors of yellow baskets of mints.

After dinner the guests were entertained with contests. Prizes were awarded to Bill Zerr, Annie Laurie Durbin, Mrs. J. L. Williams and Olga Rothe. Singing and playing and jokes were enjoyed throughout the evening.

The graduates present were: Misses Annie Laurie Durbin, Majorie Collins, Grace Zinsmeyer, Irene Finger, Eunice Langfeld, Hulda and Marcella Ney, and Mr. Bill Zerr, and teachers, Misses Selma Stiegler and Carrie Langfeld, Mr. and Mrs. J. L. Williams. The guests were Miss Olga Rothe and Elmer Schroeder.

Miss Helen Nester entertained with a surprise party for her mother, Mrs. Alb. Nester, Sunday. Dinner was served to about fifty guests.

## PECAN BUDDING REVIVED.

Up on one of the tributaries of the Hondo River on Capt. Grant's ranch gathered a small crowd of pecan enthusiasts. The occasion was a pecan budding and grafting demonstration by six pecan budding experts of the Ramsey Nursery of Austin, headed by Mr. Burkhardt who is foreman of the nursery. Mr. Ramsey himself could not be present but may come at a later date when these experts will do some work in different localities.

These experts showed us the simple ways in which budding is done and stressed the great possibilities and golden opportunities of this country as a pecan section. We have only too long neglected our undeveloped resources as in a very short time our native pecan trees can be made to yield such proportions that the income from such a source will equal that of any other industry. And not only can the native pecans be made to yield greater and better crops but our walnuts and wild grapes can be made to yield better and even better than those good varieties that may be planted.

Besides the demonstration, a barbecue and picnic consisting of barbecued chevon, cakes, pies and many other good things to eat given by Capt. Grant and others and served by the ladies, was equally enjoyed by all.

Besides the demonstrators, the following pecan enthusiasts were present: Capt. and Mrs. Grant and child, Mr. and Mrs. Lucias Hicks and child, Mr. and Mrs. Morgan Padgett and child, Mr. and Mrs. Fred Monier and son, Mr. and Mrs. Joe Leighton and children, Mr. and Mrs. Mesch and children, Mr. and Mrs. Balzen, Mrs. Silvers and children, Messrs. C. G. Leighton, R. N. Padgett, Jesse Padgett, Tom Baurlein, Geo. Reily, Mr. and Mrs. Edgar Rieber and children and others whose names I failed to get.

About two years ago the Medina County agent gave a demonstration at Upper Hondo but on account of defective buds, we did not have much success. However, these people revived their enthusiasm and intend to do some work themselves. May 3, 1926. E. S. Rieber.

## Habitual Constipation Cured

in 14 to 21 Days.

"LAX-FOS WITH PEP-SIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to take 40c per bottle.

One Year, \$1.00. 10c A Copy  
In Clubs of four or more, 50c each.  
Five years to same address, \$2.00.

FLETCHER DAVIS, Editor.

Entered as second class matter June 24, 1922, at the Postoffice at Hondo, Texas, under Act of March 3, 1879.

HONDO, TEXAS, MAY 1, 1926.

Reform and repression are never synonymous terms.

IF YOU LIKE FARMING, if you like a fearlessly outspoken paper, tell your neighbor about it and help us extend our circulation where it will do the most good.

The politician who challenges political precedent gambles all his political chances on a single throw. Hence the desperation of those who are opposed to a second term for Texas' illustrious woman governor.

If the Democratic precedent of a second term to the deserving is to be dishonored for the first time in more than fifty years of Texas politics who will feel called upon to reverence the party's other traditions?

The clearest thinking is done in the quietude of the country. That is why the farmers make so few mistakes in mass. Most of the mistakes charged to the farmers as a class can be traced to their self-appointed leaders.

LOOK OVER FARMING'S club offers and let us supply your family reading matter at the minimum cost. The pleasures of farm life are always enhanced by wholesome literature for the moments of physical rest and relaxation.

"Politics make strange bedfellows," and a sight to amuse is Dan Moody and the ku klux lying down together. So far as our personal observation goes the boosters for Dan were the faithful followers of Robertson and Butte two years ago.

The first echo from Congress' betrayal of the people into the hands of the World Court has come in the defeat of the first pro-court Senator who stood for re-election. Politicians sometimes presume too much upon the indifference of the people.

The sober-minded, thoughtful American citizen wants no entangling alliance with any foreign country, however sugar coated with World Court theories. The repudiation they gave to poor old ambition-crazed Woodrow Wilson should be sufficient assurance of that.

Congress seems determined to drag the farce of farm relief legislation on into the congressional campaign. Of course, all who are not deceived have realized from the start that the whole thing is only a political gesture for effect, but it seems the politicians are still hopeful of its serving its purpose.

The recent prohibition hearing in Congress seems to have fizzled out in a complete farce. The trouble with the whole thing is no one connected with it was honest. The wet proponents of the investigation want booze; their dry protagonists want to deny them legal possession thereof; and Congress merely wanted to give both sides a chance to blow off a little pent up steam. None of them wanted or sought a solution of the liquor problem. And the result was only what could be expected under such circumstances.

The Charleston News and Courier says "Nothing can stop the south from gambling in cotton." Similarly it might be said that nothing can stop the northwest from gambling in wheat and corn, or the southwest from gambling in cattle and oil. Each section producing natural staples can be always depended upon to take its chances for prosperity and profits against the wants of the world.

Until Africa and India can outstrip the southern states in the production of cotton for the foreign markets the crop from our fields must be predicted, as to the surplus, upon a demand gamble. Cotton has sold upon the streets of Atlanta below 7 cents, and since late 1916 the price has ranged from a low of 11 cents to a high of 44 cents a pound. The average has been 25 cents, while for the decade prior to 1916 the price range was 7 to 16 cents, with an average of 10 to 11 cents a pound. Now the average is around 18 cents. What it may be when the last estimate of the acreage put in for this

The price of spot cotton to-day can scarcely be called a gambling price. Cotton at 10 cents a pound balances with wheat at \$1 per bushel. With wheat at 1.65 cotton normally would be 16 1-2 cents, but abnormal conditions have given it the extra increment it presently enjoys.

Good authority figures that it costs about \$48 to plant and cultivate an acre of cotton. If that estimate is fairly correct an acre must produce half a bale at 20 cents per pound to pay simply the cost of cultivation and marketing. So it is plain that the man who grows cotton gambles with himself before he can gamble with the world market.

The real element of peril ahead to the cotton farmer is the fact that from the 16,000,000-bale crop of last year there was a carry-over into this year of 5,000,000 bales, to be absorbed by the increasing needs and purchasing power of foreign consumers. The less than 8,000,000 bales of 1921 was 3,000,000 bales below world demand; the 16,000,000 bales of 1925 was 5,000,000 bales above it. Therefore, the visible

need of the world is for a normal crop between 11,000,000 and 12,000,000 bales. Any volume of production over the latter figure will be a gamble.

With these facts and figures in his face the cotton farmer of 1926 will be well advised to watch his step.—Atlanta Constitution.

The people whose votes put Mrs. Ferguson in the run-off primary two years ago are busy in the fields of Texas to-day. But they will be at the ballot box on primary day and do the same thing over again. The wise politicians know this, and will trim their sails accordingly.

The April number of the Pioneer Magazine of San Antonio comes to us under the new name of Texasland. Not only is the April number under the new name but it comes improved in contents and enlarged in size. Farming congratulates the Messrs. Wooding on this evidence of enterprise and success.

DO YOUR LETTERS when you write them carry the stamp of a business man—such as you find characterizing those of your merchant or banker? Neatly printed stationery will both fill you with pride in your correspondence and stamp you as a business man who is proud of his business in the minds of your correspondent.

Poor old Don Biggers! Drifting down from the echoless plains of Tom Blanton's domain—where Don's loudest braying could not raise an echo—to the hill country, the first reverberation from his own strident voice deluded him into the notion that another ass had broken into the corral. Poor old Don! The campaign has not yet begun, and yet from his fulminations you would think dog days are on. If an echo affects him like that Don should beware of the hills! A glimpse of himself in one of the hill country's pelucid pools would be enough to make him bite himself!

The great American institution known as the Chautauqua has become a fixed event in the community affairs of most progressive small towns of America. With its clean, clever entertainment features and the cheering, forward-looking, uplifting messages of its lectures it is fraught with possibilities of incalculable good. And so long as it is kept untainted of sordid commercialism it will continue to be a welcome and helpful event in community affairs. But unfortunately, too often there is the suspicion of the taint of propaganda in some of the messages. If this suspicion becomes fixed in the minds of the people the day of usefulness of the Chautauqua will be past.

Men work—both with muscle and brain—to accumulate material treasures. These accumulations are as varied as the tastes, the whims or the opportunities of the accumulators. But whatever the accumulations may consist of—whether lands, goods or gold—they are the products of toil. Capital consists of one's savings; therefore, capital is stored up labor and belongs to the one who through the service of mind or muscle created it. Property is the natural right of him who creates it. And the same natural law that vests the right to property in him who creates it vests in him the right to enjoy its usufruct. Therefore, any act of society, however garbed in the raiment of legal sanction, that interferes with the peaceful and rightful use of such property is an infringement upon the natural rights of man. The trouble with too many people is they can not distinguish between users robbing and lenders giving of his accumulations of stored up power to help promote the useful and supply the needful. The one is a heartless leach; the other a helpful upbuilder.

# OUR DUAL SYSTEM OF GOVERNMENT.

(Continued from first page.)

Federal government, this would be a lucrative field and leave the states free to find other sources of revenue. Very few states levy an income tax any way.

**Income and Inheritance Taxes.**  
I am not opposed to taxes of this kind per se, but believe they are proper sources of revenue when the government needs the revenue for legitimate purposes, and since the Sixteenth Amendment to the Constitution specifically authorizes the Federal government to levy an income tax, I want the government to exercise that power within the bounds of justice and with due regard for the proper development of legitimate business industries of the country.

Inheritance taxes have been levied by Congress and held to be constitutional, but there is a very grave doubt in my mind as to the principle and governmental policy of levying this tax by the Federal government. I want to see this field of taxation left to the states. I am unalterably opposed to the plan of inheritance tax proposed in the revenue bill recently passed by Congress. The Senate struck this provision from the bill and should have refused to accept it in the conference, but they were all more interested in the immediate reduction of taxes because of the effect upon the coming election than they were in preserving the fundamental principle of allowing the states to adopt their own systems of taxation without extraneous pressure.

This bill, as passed, provides for a tax on inheritances and provides in substance that when any state enacts a law levying this tax as provided in the Act of Congress, such state, or rather the citizens of such states, should have a credit of 80 per cent for the taxes levied by the government, and the government would receive 20 per cent of the tax. This is an admission that the tax is not needed to support the Federal government, but is levied to make the states levy this kind of tax. If the tax is needed for revenue why did not Congress keep it all, instead of offering the state 80% of it to induce them to levy an inheritance tax? While the state is not required by the expressed terms of the act to levy this tax, it would be compelled to do so in order to protect its citizens under the 100 per cent levy imposed by the government, if the states do not comply with the terms of the law. This is indirectly forcing the states to do what the government cannot make them do directly, and if it is not a violation of the Constitution, it is against the spirit of justice which should permit the states to have their own systems of taxation without coercion from Congress. Texas has an inheritance tax law and would be allowed a rebate of 80 per cent of inheritance taxes collected by the Federal government. If Louisiana had no inheritance tax law, she would pay 100 per cent of the inheritance tax to the Federal government, while Texas would pay only 20 per cent on the same kind of property. Does any person believe that this kind of law is honest and just? This is the kind of a law Congress has just enacted and necessarily forces the State to adopt it or bear an unjust proportion of Federal taxes.

Let us analyze the proposition. The Federal government has nothing to do with the laws of descent in the various states and cannot make laws governing conditions of wills and the descent of property in the several states, yet when a man dies and the property descends to his heirs in accordance with the laws of the state in which he lived, the Federal government steps in and takes a part of this property. The Federal government does not tax the lands of the citizens in the different states, but when a man dies and

leaves a landed estate, the government steps in and taxes the value of that land which is descended to the heirs in accordance with the laws of the state. I ask in all seriousness is not such a method of taxation by the Federal government contrary to the spirit, if not of the letter, of the Constitution?

The members of Congress in defending this provision in the revenue bill charge those who oppose it as trying to protect the rich in dodging their just share of taxes. This statement is camouflage and made for the purpose of arraying the poor against the rich, and hiding the vicious scheme in this bill, which is to coerce the states into enacting tax laws which they would probably not enact without coercion from Congress.

Congress has no more right to dictate to the states what tax laws they should enact than the Soviet government of Russia has to collect taxes from Texas.

**Fifty-Fifty Appropriations.**  
Does the Constitution authorize the levy and collection of any taxes by the Federal government, except for the legitimate expenses of the government? I hold that the government cannot legally collect one dollar from any state and give it to another state to be used solely for state purposes, yet this is being done by the various fifty-fifty appropriations of the states. The government is not authorized by the Constitution to appropriate money of any state to educate farmers, as under the Smith-Lever Act, to teach vocational training, as under the Smith-Hughes Act and to teach the hygiene of maternity, as under the Shepard-Towner Act. There is not a line or syllable in the Constitution authorizing the Federal government to engage in setting up educational systems or appropriating money for their support in the states. These are all purely local matters over which the Federal government was never given any authority in the original Constitution or by amendment. The Federal, State and Local governments are spending \$18,500,000 annually for agricultural advisors and 58 1/2 per cent of all the money expended by the State and Federal governments is taken up in overhead for bureaucrats, experts, staff specialists, directors and "swivel chair warmers" and only 41 1/2 per cent is paid to the field workers who do the actual work among the farmers and housewives. Our university, colleges and public schools are all teaching agriculture and domestic science, and if it is necessary to employ men and women to go into the country and teach men how to farm, and teach women to do their house work, the state and locality receiving the benefit should pay for it, and not ask the Federal government to help pay for it, and boss the job.

**Public School Aid.**  
A number of teachers from Texas and other states have recently

met in Washington and urged the passage of a law creating the Department of Education as a Cabinet position. While the bill in its present form does not undertake to control the educational systems in the different states, every thinking person knows that this is the entering wedge to give the Federal government control of the public school system of this country.

This law would soon be followed by another law now pending in Congress to appropriate \$100,000,000 to the states for educational purposes, and of course where Uncle Sam's money goes, his authority and control go. I am sorry to see our teachers advocate Federal appropriations and Federal control of our public schools. Repeated efforts were made in the Constitutional Convention to confer upon the Federal government the authority to establish and control a system of public education, but every proposition of that kind was overwhelmingly rejected by the convention.

The teachers should understand and teach the Constitution as it is written and should be the sentinels on the watch towers to warn the people against approaching danger and possible overthrow of our cherished institutions.

Texas is one of the wealthy states and her wealth is increasing by leaps and bounds, and we are amply able to establish and maintain one of the best educational systems in the world. Let us look after our legislature, and stop begging Congress for money. Let us keep some of the tax money at home that we are sending to Washington, and protect our schools from outside interference, and retain our self-respect.

Since writing this paper, I have read an editorial in the MANUFACTURER'S RECORD of Baltimore entitled, "Evils of the Proposed Department of Education," from which I quote the following extract: "The active effort that is now being made to establish a Department of Education is one of the most dangerous movements before the country. It is backed by the combined influence of many teachers who are carrying on a vigorous propaganda in every way possible to persuade Congress to establish that department. If established it would ultimately result in nationalizing our education, nationalizing our thinking, so far as education is concerned, ultimately destroying the initiative of our teachers throughout the land and mould them into whatever way of thinking the man at the head of the department chose to shape its policy."

"A man who believed in the equality of the races would insist upon mixed schools in the South, despite all arguments against the policy. The South would thus lose State control of its own schools, or lose the Federal money and the co-operation of the Department of Education."

## THE RECOMPENSE OF TOIL.

He who hoes the growing corn day by day,  
Loitering not though toilsome be the way,  
Shall be from its bounteous harvest fed,  
And come by peaceful paths to restful bed;  
For whatsoever be the strife and toil,  
Peace and plenty's the recompense of toil!

—Fletcher Davis.

"This however is only one of the minor arguments against such an institution. Bureaucratic control of government is developing in this country to such an extent that it threatens to surpass Czarism of Russia in former years and in the matter of education to surpass the school system of Germany, which for a generation or more prior to the War had definitely fixed in the mind of every teacher and pupil in Germany's schools that Germany must become the dominant power of the world."

## Public Road Aid.

Since the Constitution says, "Congress shall have power to establish post offices and post roads", I shall not discuss this question further than to say that the present Federal road aid system is wrong in principle and extravagant in practice. Texas is paying \$37,000,000 a year in taxes to the Federal government and gets back \$6,000,000 a year with dictators to tell us how to spend it. If this is not extravagance, I do not know what word to use. We will never have a proper system of highways until the state and counties build them jointly, each recognizing the rights and duties of the other. It is said by the apologists for this half and half system that we must accept this Federal aid, as the other states would get it all if we did not take our part. This is not true, for if a half dozen states would refuse this aid, Congress would repeal the law and the whole system would be wiped off the statutes. Congress would never have exercised her right to establish a system of National highways nor would she have appropriated funds illegally for agriculture and educational work in the different states, if the vicious fifty-fifty scheme had not been adopted to beguile the states into believing they were getting something for nothing. Wherever Federal money goes, Federal control goes with it. I want Texas to retain title of our highways.

The taking over of these functions by the Federal government will cause larger expenditures by the government and the reaching out for more sources of taxation and weaken the structure of this Republic by overloading it with duties that can better be performed by the states. I would like to see many of the boards and bureaus with their millions of dollars and thousands of men radiating from Washington abolished, and their functions restored to the states from which they were stolen. If the states do not desire to exercise these functions, it is their business and Congress should not usurp them. The surrender of these local functions by the states will cause them to take less interest in local affairs and to look to Washington as the source of all power and the dispenser of public favors.

Such conditions will ultimately result in the surrender of all state functions to the Federal government and the establishment of a centralized government similar to the Soviet government of Russia in which property rights are taken away, state lines blotted out, the government made supreme, and the rights of the individual destroyed. The Roman Republic flourished for five hundred years, but was destroyed by the extravagance and corruption of public officials, the degeneracy of its people, and the concentration of powers at Rome, and this government is traveling that road much faster than the Roman Republic did for the first few hundred years. It seems to me that it is time for our Congressmen who are responsible for this centralization of power, to see the impending danger and stop further encroachment upon our dual system of government before the Rubicon is crossed, and it is impossible to turn back. I appeal to Texas teachers to study the Constitution, to teach the Constitution, and uphold the Constitution as the bulwark of our liberties at home and the sheet anchor of our safety abroad.

Here are two of the 16 pages comprising May Farming. You can get it with this paper one year for only 50c more.

\* Cows and heifers 2 years old and over. The total number of cows milked in 1924 was 985,695, including 254,498 "beef" cows.  
\*\* Sows and gilts for breeding purposes; 6 months old and over.

## MEMORIES.

From the Huajillo Leaf.

Memories are beautiful things; thoughts of the past that haunt us at the present and in the future. Memories of the past have caused many people to change their lives and customs. They are those thoughts that cause the mind to wander back to some event, whether happy or sad, and dwell upon it in idle moments. The idle person is often inclined to be morose and melancholy because he spends too much of his time thinking of the past. It causes a yearning—a yearning to go back and live over the happy moments. But if the memory is sad, the thinker attempts to blot it from his mind. But memories are beautiful, even though melancholy, and will always come back to haunt the person.

Memories should not mean so much to us that we cannot forge ahead in life. We should not live for the past but in the present and for the future which shines bright before us with a beckoning hand for the one who cares to attempt the forward movement. Still the work of a person in the past determines what he is in the present—the thoughts of a thinker in the past are his ideals for the future—and memories serve as a part of these thoughts.

Shelley says:  
"We look before and after,  
And pine for what is not.  
Our sincerest laughter  
With some pain is fraught;  
Our sweetest songs are those that tell

Of saddest thought."  
The person who thinks will realize that these lines show the power of memories.

I think the most beautiful lines of song ever written, and entitled "Dream Days," are these:

"Twilight brings fond recollections  
Memories of days long gone by  
Days we lived only in dreamland  
Without a care or a sigh  
Could I but bring back those dreamdays  
Could I recall them once more  
Love's golden hours, mid sweetest flowers,  
Back in those dream days of yore."

## SOPHIAN CLUB.

The Sophian Club met in regular session on Wednesday afternoon at the school building. The meeting was opened by singing the National Federation Song, "America the Beautiful."

The flower "sweet pea", the colors "lavender and pink" and the motto "Slumber not in the tents of your fathers; the world is advancing, advance with it", were adopted by the Club.

The nominating committee submitted the following for officers, who were elected by acclamation: President, Miss Lena Stone; Vice-President, Mrs. W. C. Brown; Secretary-Treasurer, Miss Bess Brucks; Corresponding Secretary, Mrs. Chas. Monkhause; Librarian, Miss Willie Dee Fly; Parliamentarian, Mrs. R. H. Hudspeth; Board of Directors, Mesdames Fletcher Davis, W. H. Smith and H. E. Medlin.

The selection of the Club study for the coming year was deferred until the social meeting.

Mesdames Roland Chancey, T. B. Knopp, Elmer Leinweber, Charles Monkhause and Pete Jungman concluded the current year's study with well written and interesting papers on the topics announced in last week's paper.

The social meeting will be held on May 26th at 4 o'clock at the residence of Mrs. P. Jungman.

## CLUB PROGRAM.

The Rural Life Improvement Club of the Maverick School met Friday, May 7. The meeting had been postponed in April on account of the rain.

All the members were present. Some of the parents were absent.

After the business was attended to, the following program was rendered:

Bed in Summer, Clyde Mangold.  
The Whipping Johnnie Didn't Get, Thelma Stolte and Clemens Wurzbach.

The Rain Song, Sylvia Steubing.  
Piano Solo, Melba Wurzbach.

Found Out, Melba Wurzbach.  
Elizabeth Steubing, Sylvia Steubing, Tunselda Wurzbach, Viola Uhle, Thelma Stein.

Our Boys, Piano Solo, Norma Wurzbach.

Teasing Frank, Milton Stolte; Julius Stein, August Wurzbach; Theodore Wurzbach, Ellis Wurzbach; Spring, Elizabeth Steubing.

## COULDN'T MAKE THE GRADE.

Janie was returned from the Home of the Feeble-Minded to the Orphans' Home, as the doctor's examination had proved her merely "subnormal."

Said Mamie to Anna in a burst of confidence and gossip: "Janie was sent away to be an idiot, but she couldn't pass and had to come back."—Harper's.

## DIRK G. LINDEBURG DIED.

Monday, at 7 P. M., Mr. Dirk Lindeburg of the New Fountain community quietly passed away at the age of 64 years and 28 days, at his home, surrounded by his family, brothers and friends. For quite a long time Mr. Lindeburg had been in failing health. All that medical skill and tender care could do for him in this time was rendered him abundantly, but in vain. The funeral service took place Tuesday afternoon, Rev. C. P. Haaskarl of Quihi Lutheran church officiating. In spite of urgent field work the attendance was very large. The interment was in the Quihi public cemetery, where an English-German Service, beautified by several selections by the Quihi church choir, was held. The floral offerings were many and beautiful.

Mr. Lindeburg, who belonged to one of the Quihi pioneer families, was widely and favorably known throughout this section of our county. From a sketch of his life we gather the following. He was born of Christian parents, April 11, 1862, at Felde, Ostfriesland, Hanover. As a child he came to America with his parents and brothers in December, 1868. In 1869 he came to Quihi. Here he was confirmed in Bethlehem Lutheran church, April 9, 1867. He was faithful to Christ and his church to the end of his life, being a member in good standing in St. John's Lutheran church of New Fountain the last several decades of his life. As a young man he was united in marriage, December 14, 1897, with Miss Augtie Schmidt of Quihi. The issue of this union was one son, Karl Lindeburg, who lives on the parental farm, and one daughter, Mrs. Ida Breiten of San Antonio. Besides this son and daughter, Mr. Lindeburg is survived by his widow, his brothers, Harm and John Lindeburg, a granddaughter, a number of other relatives, as well as by a large number of neighbors and friends who held him in high esteem because of his sterling worth. May he rest in peace. The Hondo Anvil Herald extends sincere sympathy to all who mourn the loss of this good neighbor, friend and citizen.

## FORTY-TWO CLUB.

A decorative scheme featuring sweet peas in their many delicate shades was charmingly carried out Thursday afternoon when Mesdames Felix Batot, Horace Bradley and Ed. Cameron entertained the members of the Forty-two Club.

Bowls filled with bouquets of sweet peas adorned tables in the center of the hall. The bouquets were given as trophies to those game enough to bid 84 or 168 and lucky enough to make their bids. Several 169 bids were made and so numerous were the 84's made that the supply of bouquets was entirely exhausted. When scores were counted, Mrs. Alice Reinhart held high, twelve games, and Mrs. Aug. Schroeder low, five games.

After the games all went to Parkers where refreshments consisting of grape-ice and angel-food cake featuring the colors of the sweet peas, were served at tables centered with bowls of the chosen flower. Beautiful corsages of dainty blossoms laid at each place added to the scheme of decoration.

Those present were Mesdames L. J. Brucks, Earl Boon, T. Cameron, F. S. Cockrell, Fletcher Davis, L. E. Heath, W. T. Crow, O. H. Miller, P. Jungman, W. O. Rothe, Alice Reinhart, Laura Wellhausen, Oscar Schuehle, F. H. Schuehlers, Earl Starnes, Aug. Schroeder and Miss Lillian Brucks and the hostesses.

## HONDO DEFEATS DEVINE IN FINAL GAME.

From The Huajillo Leaf.

Saturday, May 1st, Hondo, in the last game of the season, defeated Devine by the decisive score of 10 to 1.

Bradley and C. King were batteries for Hondo. Bradley held the Devine team hitless for the first four innings, allowing them only four hits for the entire game. Hondo gathered fourteen hits off Devine's pitcher.

Milton Schuehlers showed up well in center field. Windrow, C. King, and Bradley each got 3 hits and 3 runs.

## HONDO GIRLS POPULAR.

According to the "Sikido", a freshman publication of the students of the Southwestern Texas Teacher's College at San Marcos, Miss Lois Ulbrich of Hondo was recently voted the most dignified girl of the freshman class and Miss Lottie Holloway, also of Hondo, the best musician.

Both these popular young ladies are graduates of Hondo High School.

## TAKE IT TO JENNINGS.

## HONDO HI WINS DISTRICT BASEBALL CHAMPIONSHIP.

From The Huajillo Leaf.

Saturday, May first, Hondo Hi closed a most successful Baseball season by defeating Devine Hi 10 to 1. This gives Hondo seven straight victories and the District Championship. There were only four schools contending, Yancey, Devine, Cotulla and Hondo. H. H. S. beat Yancey 3 times, Devine 3 times, and Cotulla once, losing only the first two games played.

Coach Eby developed a team that could hit and a pitching staff that could keep from getting hit.

Rath and Bradley composed the pitching staff, while C. King and Wiemers caught.

The hitting average of the team is comparatively high:

Bradley	395
O. Schuehle	380
Rath	379
Behlen	333
C. King	290
Schuehlers	280
Windrow	250
H. King	233
Wiemers	200
Metzger	100
Short	062

Summary of Scores:  
Hondo 1, Devine 6.  
Hondo 0, Cotulla 4.  
Hondo 4, Devine 0.  
Hondo 13, Cotulla 3.  
Hondo 7, Devine 3.  
Hondo 17, Yancey 8.  
Hondo 15, Yancey 4.  
Hondo 5, Yancey 4.  
Hondo 10, Devine 1.  
This gives Hondo a percentage of .777 and the District Championship.

## FACTS ABOUT SCOUTING.

Southwest Texas Council  
Boy Scouts of America.

### Why The Boys Need Scouting

Scouting turns the boys of the community from an unorganized group to an organized force for community service and good.

Scouting will make better citizens through having served as citizens while boys.

Scouting turns the activities of the gang into safe and useful channels.

What boys do builds their habits and character. Scouting provides attractive interest gripping activity of the right kind.

Scouting provides adult comradeship in the plastic years whence crime and religion alike recruit largest numbers.

Scouting satisfies the boy's normal craving for adventure.

Scouting gives the boy a concrete code of ideals to reinforce the teachings of home, church, and school.

### Why The Community Needs Scouting.

10 per cent of its population are boys.

The average boy has 3,000 hours of leisure time, annually to spend away from the leadership of home, church and school.

These leisure time hours Scouting seeks to fill with useful activities.

### THIRD FARM MEETING TO BE AT PEARSALL.

May 19 has been selected as the date of the third agricultural conference of the San Antonio district, which is scheduled to be held in Pearsall, it was announced Tuesday by Luther DeVilbiss of Pearsall, chairman of the committee in charge of arrangements and program for the meeting.

Delegates from agricultural committees of chambers of commerce of the section served by San Antonio has been invited to the third meeting for discussion of common problems of agricultural production and marketing. The program will begin at 10 a. m. and continue through the remainder of the day.

An old-fashioned barbecue at noon will be a feature of the entertainment program, which will include field trips to various sections of Frio County and through Pearsall, to give the visitors an opportunity to inspect the various lines along which development is being pushed.

The first meeting of the series was held at Natalia in March, followed by a second at Kerrville during April. About 50 delegates were present at each of the preceding meetings, in addition to farmers and stockmen.—Wednesday's Express.

### Earnest Vogel, 15-year-old boy,

was rushed to Santa Rosa Infirmary from his ranch home at D'Hanis Wednesday, where he was seriously injured when thrown and dragged by a horse shortly after noon Wednesday. The skull is believed to have been fractured on the right side, and numerous skin lacerations suffered.

Vogel had started to mount his pony shortly after noon Wednesday, when the frightened animal threw him, his foot catching in the stirrup. At the latest report from the hospital the unfortunate boy was still in a critical condition.

## HERE AND THERE IN OIL.

The No. 2 Adams of Henderson & Holden, in Medina County, gauged 13,000,000 cubic feet of dry gas. Total depth is 910. A gas sand was passed at 763 and casing set at 812. Another gas sand was penetrated at 828 and the best producing sand at 905 and 910 and the drill stopped in the sand. It is 1,600 feet east and a little south of the No. 1, which gauged a little over 9,000,000 feet, and the total depth of which is 903 feet, which the sand topped at 897. Rock pressure in the two wells is 470 pounds. The geology of the situation there is perplexing geologists and major companies have bought additional acreage in Medina County as protection. It is believed there ought to be an oil field in that part of the county somewhere.

J. P. Brunton, who started in the oil business back in Pennsylvania where the oil business started, and has been at it ever since, is in San Antonio. Mr. Brunton has extensive interests up around Rockdale in Milan County, and has been out watching the development in Medina. He believes Southwest Texas has the oil and looks to see some good fields opened this year.

Arnett Oil Company is drilling on the No. 4 Nixon in Medina, 300 ft. south of the No. 1 in the Ina field.—Sunday's Express.

## BUDA IS STAINED WITH OIL IN TEST ON CARLE FARM.

Plateau Oil Company's well on the Louis Carle farm in the Harrison survey No. 72 1-2 in Medina County, cored the Buda lime at approximately 1845 feet Tuesday afternoon and the core shows the formation stained with oil and carrying a strong oil odor. Samples of the core were brought in to San Antonio to Louis Carle and he had them at his office in the Builders' Exchange Building Wednesday. A core at 1,825 showed Eagle Ford. The identifications were not paleontologist identifications but from the general appearance of the cores as those formations appear to ordinary oil men.

The well is in the Southwestern part of Medina County and while the formations seem to be running a little low the appearance of the oil in the Buda helps sustain the belief that the well is on a structure and that when the Edwards is reached it may be oil bearing and show up for some kind of well. The Eagle Ford above the Buda carried a show of gas according to Mr. Carle Wednesday. The well is to be an Edwards lime test and it will be some days yet before it is down to that formation which is the producing formation in the Luling field.

Eagle Ford and Buda each frequently carry some oil and gas while oil men have been prophesying that some day a well will be found in these formations, yet the expectation in this well is the Edwards lime and the final verdict is expected when that formation is reached.—Wednesday's Express.

## QUIHI NOTES.

Sunday morning at 9 o'clock Sunday School, Bible Class and divine service will be held in Bethlehem Lutheran church. Please bring your English hymnbooks along, as the service will be in the English tongue. All are cordially welcome.

At two o'clock Sunday afternoon divine service will be held in St. John's Lutheran church at New Fountain. All are welcome.

The Luther League of Quihi has arranged a program to be given in the near future. The following numbers are scheduled for this program: Select readings by Messrs. Walter Balzen, Alfred Saathoff, Alfred Boehle and Miss Emma Nietenhoefer, a declamation by Mr. Arnold Reitzer, several classic selections by Mrs. Alfred Boehle, Miss Emma Brucks, male quartet led by Mr. Anton Grell and instrumental selection led by Miss Elsie Oefinger.

Last Thursday afternoon a very interesting memorial service was held in the Lutheran cemetery. The graves were cleaned and decorated for the occasion with beautiful flowers. The service was beautified by several appropriate selections by the church choir. Such a service might be held in every cemetery in the county.

### To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

## FLY DEATH

FLY DRUG COMPANY

Hondo, Texas.

## THE FIFTIETH ANNIVERSARY OF REV. FALKENBERG CELEBRATED.

On the 11th of May it was just 50 years since Rev. A. Falkenberg of our city was ordained a minister of the Gospel of the Evangelical Lutheran church and Synod of Texas. This rare event was duly and fittingly celebrated here last Sunday. The celebration opened with a jubilee service at St. Paul's Lutheran church of this city. Among the invited guests were the Revs. G. Langner of Knippa, F. Gerstman of Elgin and C. P. Haaskarl of Quihi and members of the Quihi and New Fountain Lutheran churches. Rev. A. H. Falkenberg, as well as a number of other relatives of the aged gentleman, were present. The very appropriate sermon of the day was delivered by Rev. Langner, who was followed by Rev. F. Gerstman, himself 84 years old, with a brief address and the presentation of a purse from friends of the ministry. Rev. Falkenberg, though old and feeble, responded in touching words of appreciation and gratitude. At the conclusion of the church service all repaired by invitation of Judge H. E. Haass to the rest room of the Chamber of Commerce. Here a royal banquet was greatly enjoyed by the many present. The good ladies of St. Paul's, who arranged and had charge of this important part of the day's program, were well merited and received the highest praise for the many delicious dishes which graced the festive board. After the banquet several impromptu speeches were made. Rev. A. H. Falkenberg expressed in kindly words his personal appreciation and the appreciation of his brothers and other relatives because of the honors bestowed upon their aged father.

Rev. Haaskarl of Quihi, in a well set address, referred to the strange incident that just 30 years ago he, Rev. Falkenberg, Langner, and Gerstman met for the first time in far away McGregor, Iowa. He closed his remarks with several timely references pertinent to Mother's Day, which was being observed in all churches of the land. After several timely remarks by Judge H. E. Haass and songs and music by the young ladies of St. Paul's, Mrs. A. H. Sprenger and Mr. Saathoff sent as delegates of Grace Lutheran church of San Antonio, delivered the congratulations and good wishes of Rev. Falkenberg's San Antonio friends.

During his long service in the church, Rev. Falkenberg served churches at Miller's Creek, Yorktown, Reyburg, and at two different times the Quihi parish. His last work in the ministry was the founding of St. Paul's Lutheran church of Hondo, and which he served until obliged by age to retire altogether. During his long ministry he served his synod a number of years as Secretary, as Treasurer, and 12 years as President. He enjoys, and rightly so, the love and esteem of all who know him.

## NICE RESIDENCE FOR SALE.

## A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

## The BULL'S EYE

Editor and General Manager  
WILL ROGERS

Another "Bull" Durham advertisement by Will Rogers, depicting a bull and a man, and a leading American humorist. More coming. Watch for them.

The BULL'S EYE is a publication that goes to print. When it goes to print? It goes to print whenever there is something to print. A lot of papers, in fact to be exact of them, have a certain time to be issued, regardless of the news. Nothing has happened that day that week they have to come out just the same. They want you to pay for them whether they are good to you or not. Why should a paper be printed if there is nothing new to print?

Sing Sing don't electrocute a man at a certain hour every day. They wait until they get a man and then electrocute him. They don't have a set time or custom and that is the way the BULL'S EYE is operated. We don't press at ten o'clock tonight just because we went to press at ten o'clock tonight. No, sir! We wait until we have something that is worth to our myriads of readers. When they are accustomed to the fact when they see the BULL'S EYE they say to themselves, "BULL has seen something while," and that is why the BULL'S EYE is out today. Because it has for you.

We saw a man smoking a "BULL" DURHAM and he was getting so much satisfaction out of it that we feel it our duty to those that never used "BULL" DURHAM just how they can get satisfaction.

Remember, you won't get again until we have something while.

P. P. S. There is going to be a piece in this paper soon. Look for it.
